

# Year 6 Optional Homework: Spring Two

## Positive Mindset

Having a positive growth mindset is really important. Can you create a poster to promote growth mindset in our classroom?

## Story Jar

Create a story jar for your favourite book.

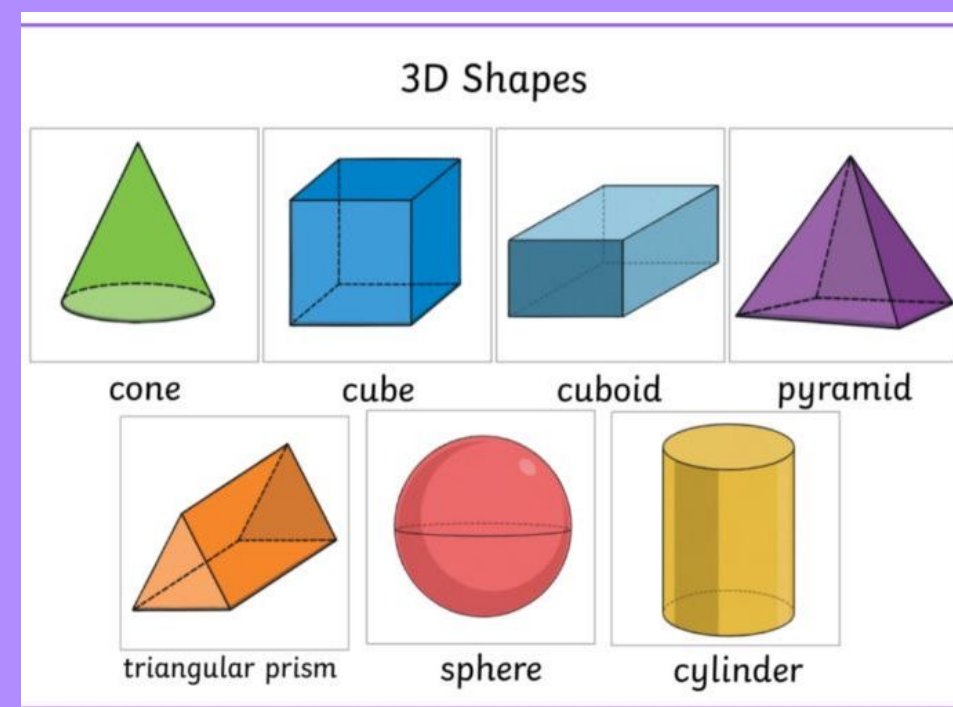

## Computing

What is Computing? Make a 3D model representing Computing. For example: iPad, Beebot, Xbox, etc.

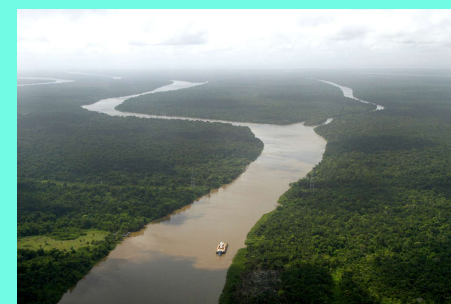

## Maths

Create a poster explaining the different properties of shapes.

## Geography

Research the Amazon river. Include: its geographic location, its length, where it flows through, what wildlife can be found there, its unique features and where it joins the sea. Present your work beautifully on paper as a fact sheet/information page.

## Science

In Science, we will be learning about the cardiovascular system. Can you design and make a 3-D model of the heart? Use any materials you would like to. Can you label your model?
